

## M-1025/26 Training Turret

**VTS is proud to introduce the Training Turret for the  
M-1025/26 Series HMWWV**

***Train your troops PREDEPLOYMENT with the non-standard  
vehicle configuration THEY WILL USE IN COMBAT***

Vose Technical Systems, Inc.

## M-1025/26 Training Turret

- Outstanding for crew drills, convoy training, weapons familiarization
- Train your gunners to stay low and stay alive
- Gunshield for use with or without the simulated full-protective turrets
- Gunshield & Turret available for M-240, 50 cal and other mounts
- Turret mounts on existing gun ring mounts- **NO DRILLING OR VEHICLE MODIFICATION NEEDED**
- Simulated protective turret does not interfere with traversing of weapon or gunshield
- Lighter weight than locally fabricated combat turrets- *Will not degrade vehicle performance or shorten lifespan*
- Turret interior clearly marked “For Training Use Only” and painted inert blue
- Coming soon- simulated Add-on Armor
